RESPONSE UNDER 37 C.F.R. § 1.111

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action dated October 5, 2000, please consider the following remarks.

REMARKS

This Response, submitted in reply to the Office Action dated October 5, 2000, is believed to be fully responsive to each point of rejection raised therein. Accordingly, favorable reconsideration on the merits is respectfully requested.

Claims 1-2, 4 and 7-12 are pending in the application.

While Applicant's Response filed June 30, 2000 was successful in overcoming the Examiner's 35 U.S.C. §103 rejection based on Culbert alone, the Examiner now relies on Shyr et al. (Shyr) to supplement his analysis, and rejects claims 1, 4 and 7-12 under 35 U.S.C. §103(a) as being unpatentable over Culbert in view of Shyr. Claim 2 has been deemed allowable over the art of record, but is objected to for depending on a rejected base claim.
